

To: ETSI MEMBERS AND COUNSELLORS
Subject: Participating to ISGs without signing an ISG Member Agreement

Dear Madam,

Dear Sir,

This is to remind you that further to the decision taken by the General Assembly at the end of 2022, **any delegate of an ETSI Full or Associate member organization may join any Industry Specification Group (ISG) and participate in its activities without having to sign an ISG Member Agreement.**

The process to join an ISG is now as simple as it is for joining an ETSI Technical Committee provided you have already been granted a personal ETSI-on-Line (EOL) account:

REGISTER to an upcoming meeting of the ISG of interest on the [ETSI Portal](#) and you will be automatically added to its membership list and considered as an ISG Member.

Those delegates from Full or Associate member organizations who have not been granted a personal EOL account yet, are entitled to request one via the [SIGN UP](#) feature available from the [ETSI Portal](#).

NOTE: Non-ETSI member organizations and ETSI Observer member organizations still have to sign a Participant Agreement to join an ISG and participate in its activities.

Yours faithfully,

Luis Jorge Romero Saro
ETSI Director-General
