3 Timesheet creation

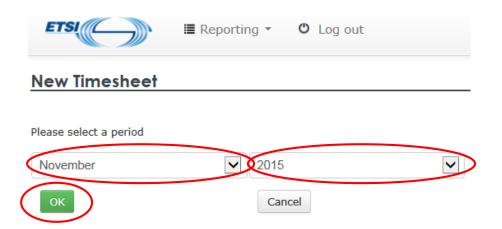

One timesheet per month can be created.

To create a timesheet: click on "New".

A new window opens.

Select a period. Click on "**OK**".

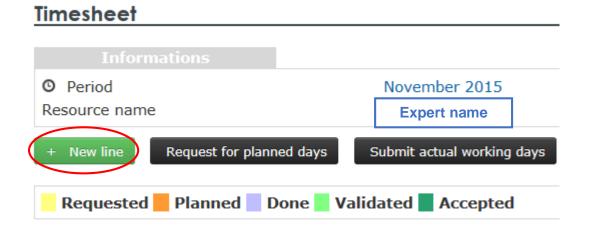

4 Time registration

4.1 Creation of a timesheet line

To create a new timesheet line click on "New Line".

Select the:

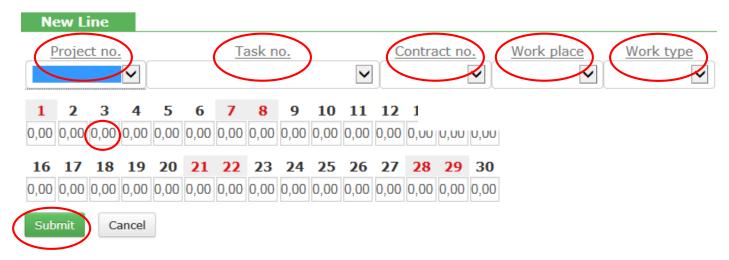

- "Project no." (STF Number).
- "Task no.".
- "Contract no.".
- "Work place" ("Out of ETSI" or "At ETSI").
- "Work type" ("Mandays" or "Voluntary" working days).

Select a day and enter the appropriate amount of time.

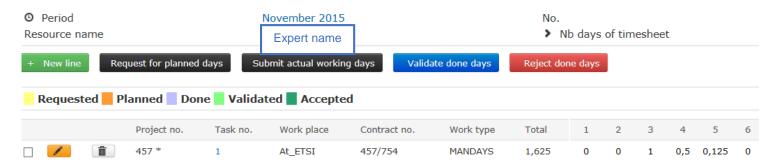

Note that "1" means full day (8 hours), then "0,5" means 4 hours, "0,25" means 2 hours, etc.

Click on "Submit"

The result appears as follows:

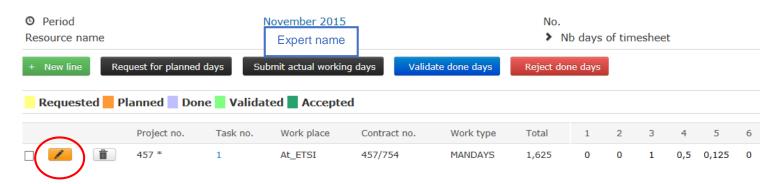

Note that a monthly timesheet can have more than one line, depending on the:

- project number, if more than one contract has been signed.
- task number, if more than one task has been allocated.
- work place, if both allocations are used.
- work type, if both working types are used.

4.2 Modification

To modify an existing timesheet line: click on the orange button (with a pen inside).

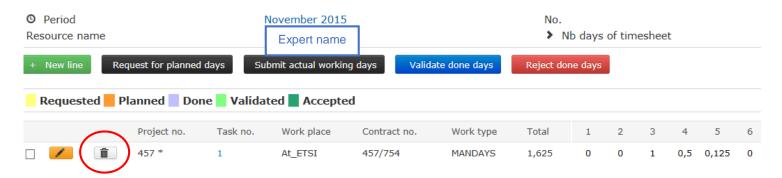

Make the modification.

Click on "Submit".

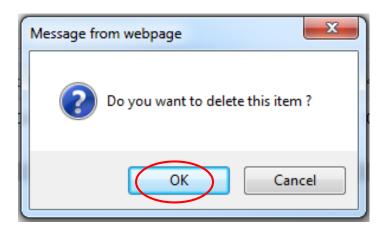

4.3 Deletion

To delete an existing timesheet line: click on the grey button (with a bin inside).

A new window opens. Click on "**OK**".

5 Actions

5.1 Working days status description

The working days follow a validation process to be validated in the system. The associated status changes accordingly.

The status depends on its achievement and the working place.

Working days status	Places	Description
Created	At or Out of ETSI	Working day is registered but not submitted
Requested	At ETSI	Working day is submitted and will be done in ETSI premises
Planned	Out of ETSI	Working day is submitted Out of ETSI premises
Planned	At ETSI	Working day has been validated by FPS administrator to be done in ETSI premises
Done	At or Out of ETSI	Working day is confirmed by the expert
Validated	At or Out of ETSI	Working day is validated by the STF leader
Accepted	At or Out of ETSI	Working day is accepted by FPS administrator

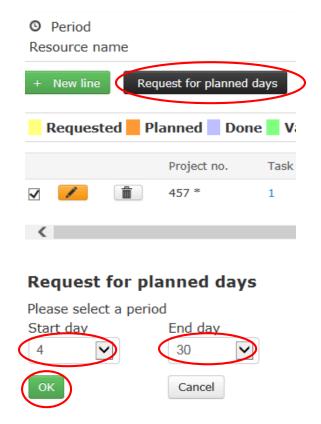

An automatically generated email will be sent to you when a status changes in the timesheet.

5.2 Schedule working days (Status "Requested" or "Planned")

To schedule working days (in the future): click on "Request for planned days" Select the period.

Click "OK".

Working days, "At ETSI" premises, during the selected period will appear in "Requested" status. Working days, "Out of ETSI" premises, during the selected period will appear in "Planned" status.

Note that when a working day has the status "**Planned**", you can no longer modify your timesheet. If you want to remove the "**Planned**" status from an entry, you have to liaise with FPS Administration (email: stflink@etsi.org).

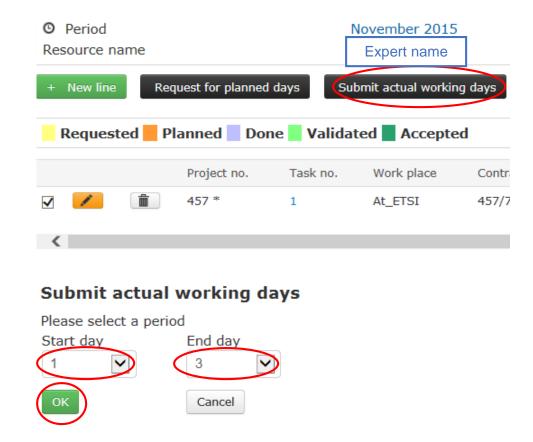

You will be able to modify your timesheet.

5.3 Confirm days worked (Status "Done")

To confirm days have been worked (in the past), click on "Submit actual working days". Select the period.

Click on "OK".

Working days during the selected period will appear in "Done" status.

If you are an expert, you have no further actions.

Note that when a working day has the status "**Done**", you can no longer modify your timesheet. If you want to remove the "**Done**" status from these days, the Leader must reject them accordingly (see Rejection (ONLY for STF Leader)).

Working days status will then change from "Done" to blank.

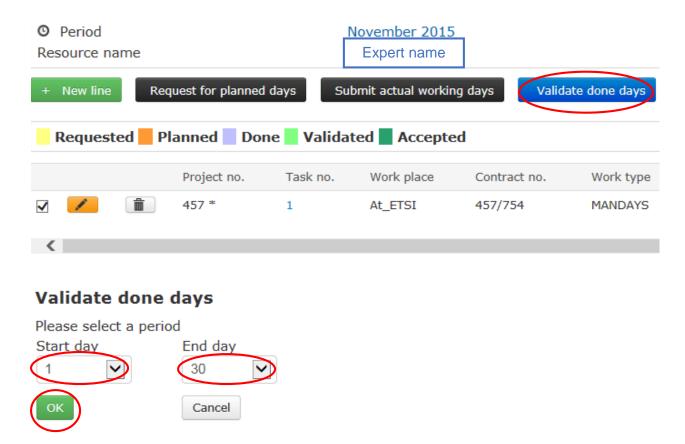

You are now able to modify your timesheet.

5.4 Validation (ONLY for STF Leader)

To validate a timesheet line, click on "Validate done days". Select the period.

Click on "OK".

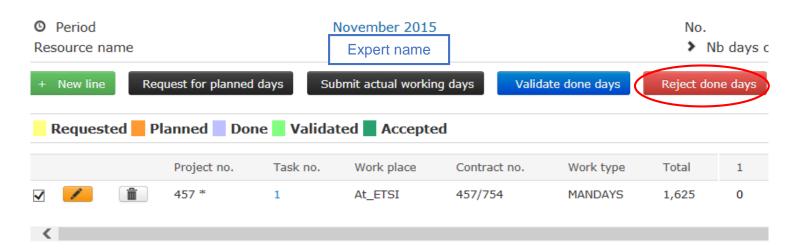

Working days during the selected period will appear with the "Validated" status.

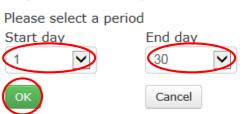

5.5 Rejection (ONLY for STF Leader)

To reject a timesheet line, click on "Reject done days". Select the period.

Click on "OK".

Reject done days

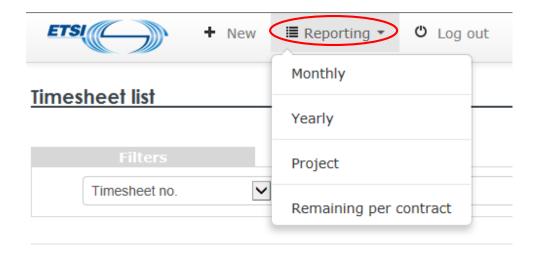

Working days during the selected period will appear with a blank status
